Refer another business to us and earn a \$500 - \$1,000 referral fee!

Working capital for your business is closer than you think.

[And easier to get than you ever thought possible.]

Your company could qualify for up to \$150,000 in unsecured financing by leveraging an asset you probably have not thought about – your future credit or debit card receipts.

Fast, unsecured financing:

- One-page application
- Receive the funds in 5-7 days
- No upfront costs or hidden fees
- Poor personal credit is OK
- Payback is tied to credit/debit card receipts – not a fixed schedule
- You can use it as a revolving line of credit – additional funds are easy and quick to obtain.

Your business qualifies if:

- You have been in business for at least a year.
- You have been accepting credit/debit for payment for at least 6 months.
- You process at least \$7,500 per month in credit/debit transactions.
- Your business is located separately from your home.
- Your business is not in bankruptcy.

How does it work?

- After we fund your business, we receive a small % of your daily credit card sales until we have collected the full amount of receipts we purchased.
- The process is automatic, so you don't need to write checks or remember a specific payment schedule.
- If your business slows down, our payments do too.

Flexible Programs to Fit Every Merchant:

Preferred Programs: If your business is processing at least \$22,000 a month in credit card sales and has exhibited stable growth, you'll probably qualify for our Gold or Platinum Programs with extremely competitive advance rates. Around 40% of applicants qualify!

Standard Program: Businesses that process lower amounts or have credit issues usually qualify for our Standard Program. With our proprietary risk model, we are able to fund many merchants that other cash advance companies will not consider.

QuickShot Program: For merchants who need a modest amount of funding to accomplish a specific goal, this is the perfect program to get money into their hands at a very low rate.
